SABC 2 SWITCHES TO FULL HD

SABC 2 will start broadcasting in HD (High Definition) on DStv platform from Wednesday, 8th August 2018 @ 00:01 CAT.

The introduction of HD will ensure that audiences enjoy a picture quality that is clearer and crisper than was the case previously with normal SD (Standard Definition). High Definition viewing increases the quality of the movie, sports shows to a very high viewing standard.

SABC 2 joins its sister channels SABC 1 who switched to HD in time for the FIFA World Cup Russia and SABC 3 who converted first.

ENDS.
