

## **SABC NEWS CHANNEL RE-BRANDS BOPHELONG TO STORIES UNTOLD**

As part of the on-going repositioning of the SABC News brand which seeks to celebrate ordinary citizens, the South African Broadcasting Corporation (SABC) is re-introducing its inspirational Current Affairs programme *Bophelong* as *Stories Untold* set to start from this Friday, 28 September 2018. The show was reinvented to accommodate broader and inclusive ground breaking stories in South Africa and the African continent. The title “Stories Untold” encapsulates the movement that seeks to disrupt the negative narrative of the African Stories.

Stories Untold provides a glimpse into the lives of people who make significant change in the country and continent. Viewers can expect short, punchy, real, gritty, heart-wrenching docu-reality stories with an emotional expression as the ultimate goal of each. Through this programme, viewers will be inspired to overcome the odds, strive for success regardless of circumstances and ultimately become agents for social change in healing the nation.

The show is presented by the award winning host Ms Puleng Molebatsi, who has the SAFTA special recognition award for the astonishing work in representing the marginalised. Catch Stories Untold every Monday, Wednesday and Friday at 11:50, 14:50 and 16:50 CAT on SABC News Channel Dstv 404.
