SABC RADIO PARK BUILDING DECLARED SAFE

Johannesburg - Tuesday, 25 June 2019 - The South African Broadcasting Corporation's (SABC) Radio Park building has been declared safe for occupation, following the fire which broke out earlier today.

An initial assessment indicates that the fire started in a secluded area of the canteen, where an electrical distribution board is located. The fire was contained almost immediately.

All employees occupying the building were successfully evacuated; however a few employees have since been taken to hospital for observation as a result of inhalation of smoke.

The canteen is currently closed for further assessment and operations continue as normal.
